### A. GENERATOR INFORMATION

Generator Name:	Contact Name:		
Generator Address:	Phone:	Fax:	Email:
Waste Source Location/Well Name:			
Waste Source Location Address/Coordinates/Rig #:			
Township:	Range:	Section (¼-¼):	
AFE#:	PO#:	Cost Center#:	

### B. MATERIAL DESCRIPTION of Petroleum Contaminated Soil

Drill Cuttings:  Water  Oil  Pit/Tank Sludge (Solidified)  Transportation Spill - Crude

Location Spill - Crude  Pipeline Waste  Transportation Spill - Refined

Location Spill - Refined  Residual Washout Solids  Transportation Spill - Saltwater

Other Exempt Production Waste (describe):

Other (describe):

Physical Description:  Solid  Gravel  Powder

Attached document(s):

### C. WASTE VOLUME

Description	Delivery Frequency	Quantity
		Tons/Cubic Yards/Barrels/Other:
		Tons/Cubic Yards/Barrels/Other:
		Tons/Cubic Yards/Barrels/Other:

### D. GENERATOR CERTIFICATION

I understand it is the sole responsibility of the Generator to determine the characteristics of the waste and its proper classification. I certify that all information contained in this waste profile is true and correct, and the waste material described is accurately identified and characterized. I certify that this waste is exempt production waste as defined in 40 CFR 261.4(b)(5). I certify that this material passes the Paint Filter Test (EPA Method 9095B). I certify that all known hazards have been disclosed, and that the waste is not a regulated hazardous waste by U.S. EPA or the State of Wyoming. I certify that all samples used for this analysis are representative of the materials to be shipped. I understand that all wastes may undergo inspection upon arrival at BioWest Remediation and may be refused if the delivered material does not conform to the description herein. I understand it is the Generator's sole responsibility to characterize, retrieve, package, load, store, remove, and transport off site any unacceptable waste, including any other waste contaminated by the Generator's unacceptable waste. The Generator will immediately notify BioWest Remediation if there is a change in the source, composition of, or process generating this waste stream, prior to delivering the waste to BioWest Remediation.
